Please list and explain the proposals this committee has chosen to recommend to the Iowa Smart Planning Task Force for consideration in its report to the Governor and General Assembly.

Please include the following information with each proposal:

- List the directive from SF2389 that is answered by this proposal
- Describe the proposal
- Articulate how this will positively impact Iowa (include why this is needed)
- Identify reports, best practices, and other resources that were consulted while developing the proposal
- Identify impacted agencies and organizations
- Determine if new legislation is necessary, current law(s) needs to be revised (identify Code section(s)), or improvements can be made without legislative action
- Estimate resources needed to implement the proposal (include multi-year state fiscal impact, whether this is a one-time or multi-year cost, potential funding sources, number of FTEs needed, and any other information as appropriate)

Which directives listed in SF2389 were not fully addressed and what is the plan/process to address them by December 2012?
